HOW CASH-TO-CARD KIOSKS WORK

Our solution involves strategically placing self-service kiosks near cash-centric areas like bars, restaurants, and concessions. Customers engage with a user-friendly experience:

- Choose a denomination for loading onto a prepaid Mastercard, with a limit of \$900.00
- Insert cash into the kiosk
- Instantly receive a non-reloadable Mastercard
- Utilize the Mastercard for purchases wherever the Mastercard is accepted.

The Offering

We provide a turnkey package including:

- Self-standing kiosk featuring a 22-inch commercial-grade touch display with LED border lighting (multiple border colors available)
- Receipt printer (Receipts are provided via text)
- Cash acceptor
- Card dispenser
- Physical Card Stock
- 24/7 customer support
- Training
- Cash pickup services
- Marketing opportunities on kiosk display and/or receipt

Customer Responsibilities

Customers are required to:

- Reload cards into the kiosk (with cards we provide)
- Cover installation costs
- Cover freight/shipping costs
- We provide complete reporting of transactions and amount loaded at kiosk
